This Financial Services Guide Version 7.1, 9 March 2022, refers to services offered by:

Fluid Financial Planning Pty Ltd
Level 3
8 West Street
North Sydney NSW 2060
ABN: 85 140 515 680
Australian Financial Services Licence No.: 389518

This Financial Services Guide (FSG) contains important information about:

- Who we are and information on your adviser
- The financial planning services and products we will be providing to you
- How we are paid for the financial planning services provided to you
- Any associations or relationships that could potentially create a conflict of interest
- Details of our internal and external dispute resolution procedures and how you can access them

If you choose to engage our services we may also provide you with a Product Disclosure Statement (PDS), a Statement of Advice (SOA), and/or a Record of Advice (ROA).

To invest in any of our financial products you must complete the application form attached to the relevant PDS for the product/s you have chosen. The PDS contains important information specific to the particular product and will assist you in making an informed decision about that product.

If we provide you with personal financial product advice rather than general financial product advice we will give you an SOA. Personal financial product advice is advice that considers one or more of your objectives, your financial situation, and your needs.

The SOA will contain the advice, the basis on which it is given and information regarding fees, commissions and any associations which may have influenced the advice.

On an ongoing basis, an ROA will be provided instead of an SOA if there have been no significant changes in your personal circumstances or the basis of the advice has not significantly changed since your last SOA was provided. You have the right to request a copy of your ROA or SOA at any time.

If you have any questions about us or about this FSG, please contact us. Our contact details are set out below. Any changes to these details can be found on the Fluid Financial Planning website at www.fluidfinancialplanning.com.au.

What your financial adviser- Peter Small is authorised to do

Peter Small acts on our behalf and can provide you with the services listed above. Generally, your financial planner is authorised to provide financial advice on, and deal in, only those financial products on our Approved Product List.

Your financial adviser has access to a range of financial products to help you achieve your financial goals based on your personal circumstances, needs and objectives.

Peter is a registered tax (financial) adviser. As a result, Peter can provide a tax (financial) service, where the advice is:

- provided in the context of the personal advice authorised by the licensee, and
- part of the financial advice which interprets and applies the tax laws (including tax, superannuation and SMSF laws) to your personal circumstances.

As a registered tax (financial) adviser, Peter is not authorised to provide tax agent services (ie those services in relation to the preparation and filing of tax returns and liaison with the ATO, etc).

What do we expect from you?

Any advice provided to you must be appropriate to your personal circumstances, based on our review and assessment of your situation.

As such, we expect you to provide us with accurate information during the financial planning process so that we can ensure that we have a reasonable basis on which to provide you with advice.

You have the right to withhold personal information. However, if you choose to withhold information the advice you receive may not be appropriate to your needs, objectives and financial situation.

As a financial service provider, we have an obligation under the Anti-Money Laundering and Counter Terrorism Finance Act to verify your identity and the source of any funds. This means that we will ask you to present identification documents such as a passport and drivers licence. We must retain copies of this information, and all copies will be stored securely within Australia.

How are we and your financial adviser paid for the services we provide?

Our initial meeting is free of charge, with no obligation. After the first meeting, your adviser will discuss the fees and charges that will be applicable to you.

Due to the varying nature of individual client cases, the fee for our initial advice, advice implementation and our portfolio review service process will be based on your unique personal situation. A written quote will be provided for our initial fee and an indicative quote for the ongoing advice fee at our first appointment or shortly thereafter.

Our initial advice fee ranges from \$1,100 to \$5,500 (incl. gst). On average, our initial fee for comprehensive personal advice is \$2,750 (incl. gst) and includes implementation of our advice recommendations.

Where personalised advice is provided, any remuneration (including commission, benefits and incentives) relating to the specific financial products recommended, will be discussed in our initial meeting and subsequently disclosed, prior to implementation of any advice, in the Statement of Advice (SOA) we prepare for you.

Our fees can be paid directly or partially direct and indirect from commission offsets and via payments from your superannuation.

We may, from time to time, receive a benefit from product providers by way of sponsorship of educational seminars, conferences or training days. Details of benefits above \$300 will be maintained on a register.

Commission rebates

The companies that provide the products you invest in may pay commissions to Fluid Financial Planning. The rate will vary depending on the product.

From a professional perspective, we prefer to rebate commissions paid by product providers to remove bias and maintain integrity in our product selection process.

However, we may agree with you to retain some of the commission on insurance products to help reduce the initial and ongoing advice fees you pay to us.

Ongoing advice fees

Our ongoing advice fee is tailored to your specific ongoing advice requirements. This fee is charged as a fixed dollar amount and may increase at a minimum of 3% pa or CPI, whichever is the greater. This fee may be reduced by any insurance commissions we receive. Ongoing fees range from \$1,650 to \$15,500 pa (incl. gst). Our average ongoing advice fee is \$4,400pa (incl. gst).

Due to the ever-increasing burden of compliance we may charge an additional separate fixed compliance fee of a minimum \$22 per month up to a maximum of \$55 per month including GST increasing at a minimum of 3% pa or CPI, whichever is the greater.

You have the right to request further information in relation to the remuneration and the range of amounts or rates of remuneration received by the licensee and/or financial adviser.

How are our fees and commissions calculated and deducted?

The calculation of fees and commissions is determined by the level of service appropriate to your needs. Advice fees are based on the estimated time and cost to provide our service and advice to you. These fees are then fixed so you are not accountable if we have underestimated the time involved in preparing our advice to you. All fees quoted are exclusive of GST (where applicable).

All levels of service, their associated calculations for fees and charges, and the ongoing services provided are discussed in our initial meeting and are subsequently disclosed in the SOA prior to the implementation of any recommendations.

Our fee for ongoing advice will be adjusted should your circumstances change significantly, and the fixed ongoing fee will be reviewed and agreed with you on an annual basis.

You have the right to request further information in relation to the remuneration and the range of amounts or rates of remuneration received by the licensee and/or financial adviser.

Our fees are to be paid by you via direct debit from your bank account, deducted from your superannuation fund, or reduced by the payment of insurance commissions, into Fluid Financial Planning's bank account.

Fees you pay for using other financial products

The amount of fees charged will depend on the financial products you acquire and the issuer of those financial products. These fees charged will depend on the services you require and what is agreed between you and your financial planner and may include the following:

- contribution fee: based on the amount invested
- administration fee: based on the balance of your investment, depending upon the type of financial product. The amounts will generally be calculated monthly and payable quarterly
- switching/transfer fee: based on the switch amount or transfer amount between investments in a financial product(s), and
- all other fees identified by a product issuer in the relevant PDS for the financial product.

How is your financial adviser remunerated?

Your financial adviser is paid a wage by Fluid Financial Planning. In addition, they may receive bonuses and dividend payments as an equity holder in the company.

Do we receive payments from referral partners?

When we refer you to a service provider we may be entitled to a referral fee. It is our preference to decline such fees. Fluid Financial Planning only works with referral partners that do not accept or pay referral fees.

If we do accept or pay a referral fee we will disclose this to you and detail the fee in your SoA.

What should I know about the risks of the investments or investment strategies recommended to me?

Your financial advisor will outline and explain to you any significant risks associated with the investments and strategies that have been recommended to you. If we fail to do so, you should ask for further clarification.

What kind of compensation arrangements are in place and are these arrangements complying?

The Corporations Act requires Australian Financial Services Licensees, such as Fluid Financial Planning, to have adequate arrangements in place to compensate retail clients in the case of loss caused by Fluid Financial Planning. We maintain professional indemnity insurance that complies with the requirements of the Corporations Act. We have insurance that covers any one claim up to the amount of \$2,500,000 and any combined number of claims up to \$5,000,000 in total.

What information do you maintain in my file and can I examine my file?

We maintain a record of your personal profile that includes details of your investment objectives, financial situation and needs. We also maintain records of any recommendations made to you.

If you would like to examine your file you should direct your enquiry to your financial advisor and arrangements will be made for you to do so.

We are committed to implementing and promoting a privacy policy which ensures the privacy and security of your personal information. A copy of our privacy policy can be provided to you on request.

Do any relationships exist which might influence the service or advice I receive?

No. Fluid Financial Planning is not owned by any fund manager or institution, and there are no existing relationships that will influence the advice that you receive from us.

Your financial adviser may hold an interest in a financial product, and any significant interest/ownership will be recorded in a register of financial product holding and where appropriate, this holding will be disclosed to you in the Statement of Advice (SOA).

Will you provide me with advice that is suited to my investment needs and financial circumstances?

Yes. However, in order for us to do so we need to identify your individual investment objectives, your financial situation and your needs before we can recommend any investment to you.

You have the right to withhold any information if you wish to do so. In that case, we are required to advise you of the possible consequences of withholding some or part of your personal information. You are advised to read the warnings and consequences carefully.

Can I tell you how I wish to instruct you to buy or sell my investment?

Yes. You may specify how you would like to give us instructions. For example, by telephone, fax, email or other means. In all cases we must receive a written confirmation of these instructions or confirm back to you via email your instructions. We will attempt to transact on your instructions as soon as is practical. In all instances, it is the responsibility of the investor to ensure that the transaction has been enacted directly with the provider.

What should I do if I have a complaint?

We are committed to providing quality advice and service to our clients. This commitment extends to providing accessible complaint resolution mechanisms. If you have any complaint about the service provided to you, you should take the following steps:
